

MIKE PLUNKETT

I'm thrilled you'd like to share some of my images!

Copyright of every photo I take stays with me but you can share my images **for free** if the simple conditions below are met.

1. Pictures must not be changed or altered in any way – including cropping and colour changes. (Instagram forces you to slightly crop portrait orientation pictures, this is okay)
2. It is your responsibility to seek the permission of the people in the pictures you intend to share.
3. If used on instagram as a post, then I must be credited in the text directly underneath the picture, the simplest way is to just use the camera emoji/symbol followed by [@mikeplunkettphotography](https://www.instagram.com/mikeplunkettphotography) (Only tagging me as if I'm in the picture is not acceptable, chances are I'm not in the picture!) Please tag any insta/fb stories with the relevant profile too.
4. If used online such as your website, a working 'follow' back-link must be provided to my website ['www.mikeplunkettphotography.com'](http://www.mikeplunkettphotography.com)
5. If used as a post on Facebook then please credit me in the text with a link to my page: www.facebook.com/mikeplunkettphotography
6. If used in print, I ask my business name **'Mike Plunkett Photography'** is displayed clearly on or very near each image. Proofs must be sent for approval ahead of publication.
7. Don't share images with any third partys without checking with me.

If you are unable to meet these conditions then please get in touch for a **bespoke quote for your intended use. Licences for **uncredited image use can be purchased.****
